

## Principles of Economics Icom Part 1 English Medium Chapter 6 Online Test

| Sr | Questions   | Answers Choice  |
|----|---|---|
| 1  | One of the following is not included in explicit cost   | <ul> <li>A. Wages of labourers</li> <li>B. Reward of entrepreneur's personal labour</li> <li>C. Price of raw material</li> <li>D. Interest of capital</li> </ul>  |
| 2  | One of the following is not included in implicit cost   | A. Interest of entrepreneur's own<br>capital<br>B. Rent of building<br>C. Reward of entrepreneur's own<br>labour<br>D. Reward of entrepreneur's own<br>land   |
| 3  | The costs which the firm has to bear in every condition in the short period, are called                   | A. Total costs<br>B. Fixed costs<br>C. Variable costs<br>D. Marginal costs  |
| 4  | The costs which increase with the increase in output and decrease with the decrease in output, are called | A. Variable costs<br>B. Fixed costs<br>C. Average costs<br>D. Marginal cost   |
| 5  | The additional cost which a firm has to bear in order to produce additional unit of output, are called    | A. Average cost<br>B. Marginal cost<br>C. Fixed costs<br>D. Variable costs  |
| 6  | The shape of average cost curve in the short period is  | A. Vertical<br>B. Horizontal<br>C. Positively sloping<br>D. Like English alphabet U   |
| 7  | When average cost curve id falling, then marginal cost curve  | A. Remains below it<br>B. Remains above it<br>C. Remains parallel to it<br>D. Is vertical   |
| 8  | When average cost curve is rising, then marginal cost curve   | A. Remains below it<br>B. Remains above it<br>C. Remains parallel to it<br>D. Is vertical   |
| 9  | Nature of inter-relationship of average revenue and marginal revenue under perfect competition is         | <ul> <li>A. Average revenue remains more than marginal revenue</li> <li>B. Average revenue remains less than marginal revenue</li> <li>C. Marginal revenue remains less than average revenue</li> <li>D. Average revenue remains equal to marginal revenue</li> </ul> |
| 10 | Under monopoly average revenue curve remains the marginal revenue curve                                   | A. Below<br>B. Above<br>C. Parallel to<br>D. None of three  |
| 11 | Price of raw material, wages of temporary labourers, transport costs etc, are called                      | A. Fixed costs<br>B. Variable costs<br>C. Marginal cost<br>D. Total cost  |
| 12 | Rent of the building, interest of the capital and salaries of the permanent staff etc are called          | A. Fixed costs<br>B. Variable<br>C. Marginal cost<br>D. Average cost  |
| 13 | In the short period, fixed cost curve has the tendency  | A. Parallel to ox-axis<br>B. Parallel to oy-axis<br>C. Positive<br>D. Negative  |
| 14 | The amount of monev which a firm gets by selling a particular quantity of output, is called               | A. Average revenue<br>B. Marginal revenue   |

|    | ···  | C. Lotal revenue  |
|----|--|---|
| 15 | Dividing total revenue by the sold units of output, is attained                                      | D. Fixed cost<br>A. Average revenue<br>B. Marginal revenue<br>C. Total revenue<br>D. Average cost                         |
| 16 | Additional amount of money which a firm gets by selling an additional unit of output is called       | A. Average revenue<br>B. Marginal revenue<br>C. Total revenue<br>D. Revenue   |
| 17 | Average revenue is equal to  | A. Price<br>B. Total revenue<br>C. Marginal revenue<br>D. Average cost  |
| 18 | When production of a firm increases then total variable costs  | <ul><li>A. Decrease</li><li>B. Increase</li><li>C. Remain constant</li><li>D. Do not change</li></ul>                     |
| 19 | How many kinds of costs are in the short period  | A. Two<br>B. Three<br>C. Four<br>D. Five  |
| 20 | Slope of average revenue and marginal revenue cures under monopoly is                                | A. positive<br>B. negative<br>C. zero<br>D. none of three   |
| 21 | Number of firms under monopoly is  | A. One<br>B. Two<br>C. Three<br>D. Four   |
| 22 | Under perfect competition average revenue is always marginal revenue                                 | A. Equal to<br>B. Less than<br>C. More than<br>D. None of three   |
| 23 | The costs which a firm bear only in case of producing commodities                                    | <ul><li>A. Fixed costs</li><li>B. Variable costs</li><li>C. Total costs</li><li>D. Average fixed cost</li></ul>           |
| 24 | Total expenditures which a firm bear to produce a particular quantity of output                      | <ul><li>A. Fixed costs</li><li>B. Variable costs</li><li>C. Total costs</li><li>D. Average fixed cost</li></ul>           |
| 25 | Dividing total costs by the units of output is attained  | <ul><li>A. Average fixed cost</li><li>B. Average cost</li><li>C. Average variable cost</li><li>D. Marginal cost</li></ul> |
| 26 | Dividing total fixed costs by the units of output, is attained                                       | A. Average fixed cost<br>B. Average variable cost<br>C. Average cost<br>D. Marginal cost                                  |
| 27 | Dividing total variable costs by the units of output, is attained                                    | <ul><li>A. Average fixed cost</li><li>B. Average variable cost</li><li>C. Average cost</li><li>D. Marginal cost</li></ul> |
| 28 | When average cost falls, marginal cost is average cost   | A. Less than<br>B. More than<br>C. Equal to<br>D. None of three   |
| 29 | When average cost is minimum, marginal cost is average cost  | A. Less than<br>B. More than<br>C. Equal to<br>D. None of three   |
| 30 | When average cost increases, marginal cost is average cost   | A. Less than<br>B. More than<br>C. Equal to<br>D. None of three   |
| 31 | The kind of market, in which a single firm produces a single commodity which has no close substitute | A. Monopoly<br>B. Duopoly<br>C. Oligopoly<br>D. Perfect competition   |
|    |  | A. Falls from left to right   |

| 32 | Demand curve of a monopolist has the shape                               | B. Rises from left to right<br>C. Remains below MR curve<br>D. Remains parallel to ox-axis   |
|----|--|--|
| 33 | The slope of MR curve in monopoly is                                     | A. Vertical<br>B. Increasing<br>C. Horizontal<br>D. Negative   |
| 34 | Average cost curve is in short run                                       | A. Negative sloped<br>B. U-shaped<br>C. L-shaped<br>D. Positive sloped   |
| 35 | Which is the Demand Curve of a frim                                      | A. Average Revenue Curve<br>B. Marginal Revenue Curve<br>C. Total Revenue Curve<br>D. Average cost curve   |
| 36 | When a firm's average total cost is equal to price, then it is called as | A. Normal profit<br>B. Abnormal profit<br>C. Normal loss<br>D. Abnormal loss   |
| 37 | Which is not included in variable cost                                   | A. price of raw material<br>B. Advertisement expenditures<br>C. rent of builiding<br>D. wages of labour  |
| 38 | Short run cost curves are generally                                      | A. flatter<br>B. u shaped<br>C. saucer shaped<br>D. oval   |
| 39 | To increase profit a firm minimises                                      | A. revenues<br>B. costs<br>C. demand<br>D. supply  |
| 40 | Under monopoly average revenue curve remains the marginal revenue curve  | A. Below<br>B. Above<br>C. Parallel<br>D. None of these  |
| 41 | Fixed costs are those costs of production which                          | <ul> <li>A. Rise with quantity of output</li> <li>B. Do not change with any amount of production</li> <li>C. Decline with rising production</li> <li>D. None of these</li> </ul> |
| 42 | In perfect competition the average revenue curve is                      | A. Vertical<br>B. Horizontal<br>C. Rising<br>D. Declining  |
| 43 | Which curve represents demand curve also                                 | A. Marginal revenue<br>B. Average revenue<br>C. Total revenue<br>D. Marginal cost  |
| 44 | When total revenue is maximum, marginal revenue is                       | A. More<br>B. Less<br>C. Constant<br>D. Zero   |
| 45 | Which one of the following represents fixed cost                         | A. Price of raw material<br>B. Wages<br>C. Capital goods<br>D. Wages of permanent labour   |
| 46 | The demand curve for monopolist is also called                           | A. Total revenue<br>B. Average revenue<br>C. Marginal revenue<br>D. Zero revenue   |
| 47 | Wages of temporary labourers are   | A. Fixed cost<br>B. Marginal cost<br>C. Total cost<br>D. Variable cost   |
| 48 | When average cost falls marginal cost is average cost                    | A. More than<br>B. Less than<br>C. Equal to<br>D. A and C  |
| 49 | Marginal cost curve cuts average cost curve when average cost is         | A. Maximum<br>B. Minimum<br>C. Increasing<br>D. Decreasing   |

| 50 | Which on factor is the basic factor ?                       | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
|----|---|--|
| 51 | Which one factor is free gift of nature ?                   | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
| 52 | Which one is comparatively the most important factor ?      | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
| 53 | One of the following is a fixed capital:                    | A. Raw material<br>B. Machinery<br>C. Saving certificate<br>D. None of these |
| 54 | Which one is immobile factor ?                              | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
| 55 | One of the following is considered as capital:              | A. Land<br>B. Labour<br>C. Raw material<br>D. Both (a) and (b)               |
| 56 | Which factor is helpful for earning more income ?           | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
| 57 | Which factor combines other three factors ?                 | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
| 58 | One of the following is not land:                           | A. White house<br>B. Sub continents<br>C. Power house<br>D. Both (a) and (b) |
| 59 | Reward of Land is called.                                   | A. Rent<br>B. Wage<br>C. Interest<br>D. Profit                               |
| 60 | What is the reward of Labour ?                              | A. Rent<br>B. Wage<br>C. Interest<br>D. Profit                               |
| 61 | Reward of capital is called                                 | A. Rent<br>B. Wage<br>C. Interest<br>D. Profit                               |
| 62 | What is the reward of Organization ?                        | A. Rent<br>B. Wage<br>C. Interest<br>D. Profit                               |
| 63 | All the factors production can be hired except.             | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
| 64 | The factor of production which is result of human struggle. | A. Land<br>B. Labour<br>C. Capital<br>D. Organization                        |
|    |   |  |
