

## General Knowledge Online Test

| Sr | Questions                                                                                                                                    | Answers Choice                                                                                                                                                                                                                    |
|----|----------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | The point in the Earth's orbit when it is farthest from the sun (152.5 million kilometers) and it occurs on the 3rd or 4th of July is called | A. Aphelion<br>B. Perihelion<br>C. Latitude<br>D. Solar time                                                                                                                                                                      |
| 2  | It is the point in the Earth's orbit when it is closest to the sun (147.5 million km) and it occurs on the 3rd or 4th of January is called   | A. Latitude<br>B. Solar time<br>C. Perihelion<br>D. Aphelion                                                                                                                                                                      |
| 3  | What is the axial tilt of the earth?                                                                                                         | A. 24.5 degrees<br>B. 17.5 degrees<br>C. 12.7 degrees<br>D. 23.5 degrees                                                                                                                                                          |
| 4  | What is the approximate diameter of the earth?                                                                                               | A. 7926.2 miles (12,756 km)<br>B. 12,000 miles (19,300 km)<br>C. 22,000 miles (34,400 km)<br>D. 25,000 miles (40,200 km)                                                                                                          |
| 5  | What is the exact time it takes the earth to revolve around the sun?                                                                         | A. 365 days, 7 hours, 32 minutes, and 18 seconds<br>B. 365 days, 2 hours, 12 minutes, and 49 seconds<br>C. 364 days, 11 hours, 50 minutes, and 38 seconds<br>D. 365 days, 5 hours, 49 minutes, and 12 seconds                     |
| 6  | Earth rotates in about how many hours?                                                                                                       | A. 26 hours<br>B. 12 hours<br>C. 24 hours<br>D. 23 hours                                                                                                                                                                          |
| 7  | The Himalaya region is poor in mineral resources because:                                                                                    | A. It is made of crystalline rocks<br>B. The displacement of rock strata has disturbed the arrangement of rocks and made it complex<br>C. The climate conditions are not suitable for exploitation of minerals<br>D. All of these |
| 8  | In which one of the following countries is the ratio of hydroelectric generation to the total electricity generation the highest?            | A. Norway<br>B. Sweden<br>C. Italy<br>D. Denmark                                                                                                                                                                                  |
| 9  | Which one of the following statements correctly defines the term 'Karoo' of Southern Africa?                                                 | A. Rift valleys formed due to faulting<br>B. Dome shaped landforms caused by earth movements<br>C. Steps form the coastal lowland on the high plateau<br>D. None of these                                                         |
| 10 | Which one of the following countries has the highest agricultural production in Europe?                                                      | A. France<br>B. Switzerland<br>C. Denmark<br>D. Germany                                                                                                                                                                           |
