

Business Statistics Icom Part 2 English Medium Chapter 1 Online Test

1 Statistics should be. 2 Counting of data about all cases in a particuair study is called. 2 Counting of data about all cases in a particuair study is called. 3 A Satulstic B. Population C. Census D. Universe A Statistic B. Discrete B. Discrete C. Parameter D. Continuous 4 Statistics are always. 4 Statistics are always. 5 Statistics is defined as the numerical data in. A Plural sense B. Singular sense B. Singular sense B. Singular sense B. Infernitial statistics C. Applied Statistics D. All of the above 7 Statistics are. A Descriptive statistics B. Infernitial statistics C. Aggregate of facts D. All of the above 8 Who was first to use the word 'Statistics. 9 Statistics has origin in. 10 Statistics comes form the Latin word. 11 The probability of an event always lies between: 12 Counting of data about all cases in a particuair study is called. B. Comparable B. A Status B. Comparable B. A Status B. Comparable B. A Status B. Comparable B. Webster C. Condon and Cowents D. Horace secrist C. German word 'Statistic' D. All of these B. Statatistic C. German word 'Statistic' D. All of these B. Statatistic C. German word 'Statistic' D. All of these	Sr	Questions	Answers Choice
2 Counting of data about all cases in a particualr study is called. 3 A measure computed on the basis of sample data is termed as. 4 Statistics B. Discrete C. Parameter C. Parameter D. Continuous A Estimated values B. Exact values C. Constant values C. Applied Statistics C. Aggregate of facts C. Aggregate of	1	Statistics shoud be.	C. Numerated or estimated
3 A measure computed on the basis of sample data is termed as. B. Discrete C. Parameter D. Continuous 4 Statistics are always. A. Estimated values E. Exact values C. Constant values D. None of above 5 Statistics is defined as the numerical data in. A. Plural sense B. Singular sense C. Both in singular and plural 6 Types of Statistics . A. Descriptive statistics B. Inferential statistics C. Applied Statistics D. All of the above 7 Statistics are. A. Collected for a predetermined purpose B. Always numerically expressed C. Aggregate of facts D. All of these 8 Who was first to use the word ' Statistics. A. Gatfried Achenwall B. Webster C. Crowton and Cowents D. Horace secrist 9 Statistics has origin in. A. Latin word 'Status' B. Italian word 'Statistia' C. German word 'Statistia' C. German word 'Statistia' C. German word 'Statistia' C. Statistik 10 Statistics comes form the Latin word. B. Statatistia C. Statistik 11 The probability of an event always lies between: B. The probability of an event always lies between:	2	Counting of data about all cases in a particualr study is called.	B. Population C. Census
4 Statistics are always. 5 Statistics is defined as the numerical data in. 6 Types of Statistics . 7 Statistics are. 8 Lact values C. Constant values D. None of above A Plural sense B. Singular sense C. Both in singular and plural A Descriptive statistics B. Inferential statistics C. Applied Statistics D. All of the above A Collected for a predetermined purpose B. Always numerically expressed C. Aggregate of facts D. All of these 8 Who was first to use the word ' Statistics. A Catfried Achenwall B. Webster C. Croxton and Cowents D. Horace secrist 9 Statistics has origin in. A Latin word 'Statistic' C. German word ' Statistic' C. Statistik 10 Statistics comes form the Latin word. A Status B. Statatistic C. Statistik A -1 and +1 B1 and 0 C. O and +1	3	A measure computed on the basis of sample data is termed as.	B. Discrete C. Parameter
5 Statistics is defined as the numerical data in. B. Singular sense C. Both in singular and plural A. Descriptive statistics B. Inferential statistics C. Applied Statistics D. All of the above 7 Statistics are. A. Collected for a predetermined purpose B. Always numerically expressed C. Aggregate of facts D. All of these 8 Who was first to use the word 'Statistics. A. Gatfried Achenwall B. Webster C. Croxton and Cowents D. Horace secrist 9 Statistics has origin in. A. Latin word 'Status' B. Italian word 'Statistia' C. German word 'Statistik' D. All of these 10 Statistics comes form the Latin word. B. Status B. Statatista C. Statistik The probability of an event always lies between: B. A1 and +1 B1 and 0 C. 0 and +1	4	Statistics are always.	B. Exact values C. Constant values
B. Inferential statistics C. Applied Statistics D. All of the above 7 Statistics are. 8 Who was first to use the word ' Statistics. 9 Statistics has origin in. 8 Statistics has origin in. 8 Statistics comes form the Latin word. 11 The probability of an event always lies between: 8 Inferential statistics C. Applied Statistics. 9 A. Collected for a predetermined purpose B. Always numerically expressed C. Aggregate of facts D. All of these A. Gatfried Achenwall B. Webster C. Croxton and Cowents D. Horace secrist A. Latin word 'Status' B. Italian word 'Statistia' C. German word 'Statistik' D. All of these A. Status B. Statatista C. Statistik B. Statatista C. Statistik C. O and +1	5	Statistics is defined as the numerical data in.	B. Singular sense
Fundamental Pour Pose B. Always numerically expressed C. Aggregate of facts D. All of these Who was first to use the word 'Statistics. Who was first to use the word 'Statistics. Statistics has origin in. Statistics has origin in. Statistics comes form the Latin word. A. Latin word 'Status' B. Italian word 'Statistia' C. German word 'Statistik' D. All of these A. Status B. Statatista C. Statistik A1 and +1 B1 and 0 C. 0 and +1	6	Types of Statistics .	B. Inferential statistics C. Applied Statistics
8 Who was first to use the word 'Statistics. 9 Statistics has origin in. A Latin word 'Status' B. Italian word 'Statista' C. German word 'Statistik' D. All of these 10 Statistics comes form the Latin word. A Status B. Statatista C. Statistik A -1 and +1 B -1 and 0 C. 0 and +1	7	Statistics are.	purpose B. Always numerically expressed C. Aggregate of facts
9 Statistics has origin in. B. Italian word 'Statista' C. German word 'Statistik' D. All of these 10 Statistics comes form the Latin word. A. Status B. Statatista C. Statistik A1 and +1 B1 and 0 C. 0 and +1	8	Who was first to use the word ' Statistics.	B. Webster C. Croxton and Cowents
10 Statistics comes form the Latin word. B. Statatista C. Statistik A1 and +1 B1 and 0 C. 0 and +1	9	Statistics has origin in.	B. Italian word ' Statista" C. German word 'Statistik'
The probability of an event always lies between: B1 and 0 C. 0 and +1	10	Statistics comes form the Latin word.	B. Statatista
D. 0 and∞	11	The probability of an event always lies between:	B1 and 0 C. 0 and +1
