

## Commercial Geography Icom Part 2 English Medium Chapter 24 Online Test

In the decade of 1970, due to use of coal in thermal electricity production:  In the decade of 1970, due to use of coal in thermal electricity production:  In the decade of 1970, due to use of coal in thermal electricity production:  In 19th century, due to use of petroleum and natural gas:  In 19th century, due to use of petroleum and natural gas:  In 18th century, due to steel industry & railway in Europe and U.S.A:  In 18th century, due to steel industry & railway in Europe and U.S.A:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:  In 18th century, due to invention of steam engine & engineering industry:	Sr	Questions	Answers Choice
2 In 19th century, due to use of petroleum and natural gas: 2 Coal demand increased C. Coal demand increased D. Coal mining was almost stopped Sea D. Coal increased step D. Coal increased stowly D. No change took place in use of coal mining took place in use of coal use o	1	In the decade of 1970, due to use of coal in thermal electricity production:	B. A small increase took place in use of coal     C. No change took place in use of
3 In 18th century, due to steel industry & railway in Europe and U.S.A: C. Use of coal increased slowy D. No change took place in use of coal  A. Spurred enormous growth in the coal use B. Use of coal increased a little C. No change took place in coal use B. Use of coal increased a little C. No change took place in coal use D. Coal use became less  A. Before 1000 B.C B. In thirteenth century A.D C. In 18th century A.D D. In 19th cen	2	In 19th century, due to use of petroleum and natural gas:	B. No change took place in demand of coal
In 18th century, due to invention of steam engine & engineering industry:  B. Use of coal increased a little C. No change took place in coal use D. Coal use became less  A. Before 1000 B.C B. In thirteenth century A.D C. In 18th century A.D D. In 19th century A.D D. In 19th century A.D A. Oldest coal mines in China B. Recent coal mines in China B. Recent coal mines in China D. Deepest coal mines in China D. Deepest coal mines in China D. Deepest coal mines in China D. United Kingdom C. India D. United Kingdom C. India D. United States of America  A. Carbon content of coal B. Hydrogen content of coal D. Silicon content of coal	3	In 18th century, due to steel industry & railway in Europe and U.S.A:	B. Demand of coal increased steadily C. Use of coal increased slowly D. No change took place in use of
In United Kingdom, use of coal started:   B. In thirteenth century A.D C. In 18th century A.D D. In 19th century	4	In 18th century, due to invention of steam engine & engineering industry:	B. Use of coal increased a little C. No change took place in coal use
B. Recent coal mines in China C. Largest coal mines in China D. Deepest coal mines in China D. United Kingdom C. India D. United States of America  8 Quality of coal depends upon:  8 Quality of coal depends upon:  9 Coal, petroleum, natural gas, nuclear energy and solar energy are:  8 Recent coal mines in China C. Largest coal mines in China D. Deepest coal mines in China D. United Kingdom C. India D. United Kingdom C. India D. United States of America D. United States O. United Stat	5	In United Kingdom, use of coal started:	B. In thirteenth century A.D C. In 18th century A.D
7 Historians believe that coal is first commercially mined in:  8 Quality of coal depends upon:  8 Quality of coal depends upon:  9 Coal, petroleum, natural gas, nuclear energy and solar energy are:  8 B. United Kingdom C. India D. United States of America  A. Carbon content of coal B. Hydrogen content of coal C. sulphur content of coal D. Silicon content of coal D. Silicon content of energy C. Nominal means of energy C. Nominal means of energy	6	In north-eastern China, Fashon coal mines are:	B. Recent coal mines in China C. Largest coal mines in China
8 Quality of coal depends upon:  B. Hydrogen content of coal C. sulphur content of coal D. Silicon content of coal D. Silicon content of coal  A. Important means of energy B. Not means of energy C. Nominal means of energy	7	Historians believe that coal is first commercially mined in:	B. United Kingdom C. India
9 Coal, petroleum, natural gas, nuclear energy and solar energy are:  B. Not means of energy C. Nominal means of energy	8	Quality of coal depends upon:	<ul><li>B. Hydrogen content of coal</li><li>C. sulphur content of coal</li></ul>
	9	Coal, petroleum, natural gas, nuclear energy and solar energy are:	B. Not means of energy C. Nominal means of energy
